Deadline to Register
May 15, 2018

The Certified Aging-in-Place Specialist (CAPS) designation program teaches the technical, business management and customer service skills essential to competing in the fastest growing segment of the residential remodeling industry: home modifications for the aging-in-place market.

The CAPS designation offers your potential clients what they need most: reassurance that you'll help them make the choices that will help them stay in their homes safely and securely.

Below are the 3 courses required to earn CAPS designation. Courses can be taken separately for continuing education or all together for certification.

Marketing & Communications Strategies with the Aging-In-Place Client (CAPS I)

Wednesday, May 23, 2018

Design Concepts for Livable Homes and Aging-In-Place (CAPS II)

Thursday, May 24, 2018

Details and Solutions for Livable Homes and Aging-In-Place (CAPS III)

Friday, May 25, 2018

For full course description, visit www.rrhba.com

Course Instructor: Chris Moore was the first CAPS contractor in the Roanoke Valley. He holds an Executive Certificate in Home Modification from the Andrus Gerontology Center at USC, serves on the panel of experts at www.caring.com, and writes monthly column in the Senior News called Housing Matters.
