

THE CERTIFIED ENVIRONMENTAL ACCESS CONSULTANT MASTERY PROGRAM

The Certified Environmental Access Consultant (C.E.A.C.) Mastery Program will guide a home access professional to the best practices in environmental concepts, ethics, appropriate product selection, installation and repair, ADA, and documentation in each product category. Great for customer-facing representatives, installers, and new hires.

AVAILABLE MASTERY COURSES

1. Certified Environmental Access Consultant (C.E.A.C.)
2. Residential Ramp Consultant (R.R.C.)
3. Stair Lift Consultant (S.L.C.)
4. Platform Lift Consultant (P.L.C.)
5. Residential Grab Bar Specialist (R.G.B.S.)
6. Residential Accessible Bathroom Consultant (R.A.B.C)
7. Residential Transfer Lift Specialist (R.T.L.S.)

Objectives include, but are not limited to:

- Impacts of disability and aging
- Environmental access concepts and applications
- Legal and ethical responsibilities
- Identifying types of products and intended uses
- Installing, maintaining, and repairing
- Adhering to ADA guidelines, local building codes, and other applications
- Standardized practices for evaluation and documentation
- Principal of design and practice in the field

RENEWAL REQUIREMENT

Initial certification, earned through the completion of all programs including the C.E.A.C., is valid for two years. In order for a master consultant to renew their credential, they must submit renewal documentation of 10 continuing education credits and an \$80 renewal fee.

**LAH members can register for the programs individually or bundled.
Contact VGM Live at Home today for special pricing.**

Questions should be directed to LAH at 877-404-2442 or jessica.barber@vgm.com.
